EDIFY LEVEL 3 AWARD IN EDUCATION AND TRAINING (RQF)

Course Overview

The Edify Global Level 3 Award in Education and Training (RQF) is an introductory teaching qualification, which prepares learners for teaching or training in a wide range of contexts. It does not develop competence, as learners are not required to be in a teaching position. The qualification is suitable for individuals who wish to teach in the Further Education and Skills Sector and forms a foundation for those with little or no previous experience of teaching or training.

Mandatory Units

- Understanding roles, responsibilities and relationships in education and training
- Understanding and using inclusive learning and teaching approaches in education and training
- Facilitate learning and development for individuals (Learning and Development unit)
- Facilitate learning and development in groups (Learning and Development unit)
- Understanding assessment in education and training
- Understanding the principles and practices of assessment (Learning and Development unit)

Progression Pathways

Upon completing this Level 3 Award, learners can progress to the Edify Global Level 4 qualification. Learners can also step directly into employment in an associated profession.

Entry Requirements

The qualification is suitable for learners of 19 years of age and above. There are no specific entry requirements and learners do not need to have teaching practice hours to achieve the qualification.

There may be a requirement, by a learner's employer for them to hold a current CRB Certificate if they currently or intend to work with learners who are covered by the CRB regulations. It is the learner's responsibility to seek advice from their employer regarding this, along with attending any necessary Safeguarding information events.

Learning Outcomes

The learning outcomes of the Award are:

- **Intellectual skills:** With this type of learning outcome, the learner will understand concepts, rules or procedures.
- **Cognitive strategy:** In this type of learning outcome, the learner uses personal strategies to think, organize, learn and behave.
- **Verbal information:** This type of learning outcome is when the learner is able to definitively state what they have learned from an organized body of knowledge.

Career Opportunities

Primary areas of employment include:

- Superintendent, principal or administrator.
- Teacher or instructor.
- Preschool or kindergarten teacher.
- Clinical, developmental or social psychologist.
- Social worker
- Counselor.
- Teacher assistant.
